***Claim Rejections - 35 USC § 112***

1. All 112 issues cited in the Office Action dated 11/22/2004 have been cured.

***Allowable Subject Matter***

2. Claims 1,3-7,9-12 and 14-20 are allowed.
3. The following is an examiner's statement of reasons for allowance: With regard to independent claims 1, 7, and 12, prior art fails to teach or suggest comparing a first vehicle identification number (VIN) from an electronic module, to a second vehicle identification number (VIN), which is stored in a vehicle, wherein the first and second vehicle identification number, or VIN, pertain to a specific and unique 17 digit alphanumeric sequence established for each and every vehicle manufactured. During the comparison process, if a mismatch is detected between the VIN stored in the vehicle, and the VIN stored in the electronic module, the electronic module is reconfigured with the VIN stored in the vehicle, or, the second VIN replaces the first VIN. In addition, configuration parameters associated with the newly stored VIN, are also modified, and/or updated.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
